Stunning contemporary Villa luxuriously appointed and designed by renown architect

The design of this villa is unique because it borrows elements from many aesthetics. In it, you can see nods to contemporary, traditional, art deco and even futuristic design. Its look is defined by both curved and straight lines, neutral colours and minimalist forms; the eye-catching architectural elements add visual interest to the space.

Whenever possible, the design lets in lots of natural light: windowed walls, panoramic glass doors, and terrace glass balustrades seamlessly unite the interior and exterior. Set on a generous plot of 1.900 m², the magnificent house offers 870 m² of light-filled, luxuriously appointed, flexible living spaces.
